SUNDAY QUOTA POINT SYSTEM

The Quota Point System is a great way for golfers of various abilities and handicaps to play each other. Points are awarded to each player based on their score per hole.

Record the number of strokes taken for each player, as this is the score that will determine 1st and 2nd place prizes for Low Gross and Low Net.

The pro shop will calculate your Quota and Quota Points.

Your 18 hole handicap subtracted from 36 equals your Quota. The maximum handicap one can use is 28.

Example: 36 minus a handicap of 4 = 32 quota
 36 minus a handicap of 16 = 20 quota

Individual points are scored for the following:

10 pts	=	Hole in One	2 pt	=	Pars
10 pts	=	Double Eagle	1 pt	=	Bogeys
8 pts	=	Eagle	0 pts	=	Double Bogey or higher
4 pts	=	Birdies			

Sample Rounds:

Drew Diedrich (HC 4)		John Diedrich (HC 16)	
1 Eagle	8 points	0 Eagle	0 points
1 Birdie	4 points	1 Birdies	4 points
11 Pars	22 points	11 Pars	22 points
2 Bogey	2 points	4 Bogeys	4 points
3 Double Bogeys	0 points	2 Double Bogeys	0 points
Total Quota Pts	36	Total Quota Pts	30

Total Quota Pts Earned	36	Total Quota Pts Earned	30
Individual Quota	-32	Individual Quota	-20
Drew's Score	+ 4	John's Score	+10

Drew earned 36 Quota Points giving him a score of + 4. John earned 30 Quota Points giving him a score of + 10. Each player can either be plus, minus or hit directly on the point quota.

In theory, the better a team plays, the more over their quota they should be. The team with the most points over their quota wins. To calculate a team score add the individual scores together.
